

A Thin Place

Where We See The Fruits of the Spirit

HONDURAS

Tegucigalpa

Caribbean Sea

Thin Places

“locales where the distance between heaven and earth collapses and we’re able to catch glimpses of the divine”

_ New York Times, 2012

Background

- Chuck Nichols and other FBC members started Sharefish in 2009
- Inspired by NC Baptists on Mission trip to El Carrizo in 2009 and the obvious need for more educational opportunities
- Sharefish built a community center in El Carrizo and a sponsorship program (monthly stipend)
- Transformed the community center into a middle school
- Sharefish just added a preschool wing to the school (started summer 2022, completed December 2023)
